

Printable Paper Collar for Found Cats

Print and cut out the paper collar strip below

Write your phone number clearly in the space provided.

Wrap the collar gently around the cat's neck, leaving enough space for two fingers to fit between the collar and the cat's neck.

Secure the collar with a small piece of tape, making sure it can come off easily if caught on anything.

Do not leave the collar on for more than 3-4 days.

Only use this on friendly cats who are comfortable being approached.

Never use this on kittens, as it may pose a safety risk
